## Greetings!

F.E.A.S.T. Catering, a full-service Private Chef serving Philadelphia and the surrounding area, is ready to help you host an event or party. Think you cannot afford an amazing party with great food? Well, you can... We create specially priced menus that reflect your budget, appetite, and food flair. They are delivered fresh, hot, and ready to be enjoyed by all! Included is the menu of your choice, along with the paper products and plastic ware. We can setup and serve the buffet, then completely clear and take it away, or simply drop off the food at your convenience. The choice is yours! (Note that our minimum charge is for 10 people for these menus.) With this in mind, please look over a small selection of catering options on this flyer. These cost-conscious options are great for open houses, corporate parties for clients or employees, private luncheons, business meetings, barbecues and other events. Be prepared by making arrangements to have fresh festive cuisine delivered for all of your gatherings this season. Don't see what you want? Just ask us! We can customize and prepare a wide variety of food to meet your needs. Remember that our proposals are priced inclusive of delivery fees, (taxes and service charge are not included). Please contact me at your convenience to discuss the catering needs for your next event, large or small. I look forward to helping you make them a success.

Respectfully yours,

Jay Battersbee

We have created special menus planned for your celebrations. For over 7 years, Jay Battersbee has provided exceptional food and service for all occasions.
